Postcodes – 2540 (3), 2541 (3)
- There are no new cases from the Kiama LGA

There have now been 1792 local cases of COVID-19 in the Illawarra Shoalhaven Local Health District since the start of the current outbreak in June.

As at 8pm Monday, 4 October there were 38 COVID-19 patients being treated in Wollongong Hospital.

There were more than 33,600 COVID-19 tests carried out in the Illawarra Shoalhaven for the week ending Sunday, 3 October.

Venues are posted daily on the [District's Facebook page](#) and a full list of all exposure sites in NSW is available on the [NSW Health case locations web page](#).

The community is reminded to remain vigilant for symptoms and get tested if any appear, no matter how mild. Symptoms include cold or flu-like symptoms such as fever, sore throat, cough or shortness of breath. People with mild symptoms, such as fatigue, new muscle aches or pains, a change in taste or smell or a new runny nose, should also arrange testing as quickly as possible.

High rates of testing are critical to detecting transmission and preventing further spread of COVID-19 in the community.

There are a number of COVID-19 testing clinics across the Illawarra Shoalhaven Local Health District. Visit the [District's website](#) for a full list and updated opening hours and
