There have now been 1,903 local cases of COVID-19 in the Illawarra Shoalhaven Local Health District since the start of the current outbreak in June.

As at 8pm Wednesday, 6 October there were 40 COVID-19 patients being treated in hospital.

There were more than 33,600 COVID-19 tests carried out in the Illawarra Shoalhaven for the week ending Sunday, 3 October.

Venues are posted daily on the [District's Facebook page](#) and a full list of all exposure sites in NSW is available on the [NSW Health case locations web page](#).

The community is reminded to remain vigilant for symptoms and get tested if any appear, no matter how mild. Symptoms include cold or flu-like symptoms such as fever, sore throat, cough or shortness of breath. People with mild symptoms, such as fatigue, new muscle aches or pains, a change in taste or smell or a new runny nose, should also arrange testing as quickly as possible.

High rates of testing are critical to detecting transmission and preventing further spread of COVID-19 in the community.

There are a number of COVID-19 testing clinics across the Illawarra Shoalhaven Local Health District. Visit the [District's website](#) for a full list and updated opening hours and

times. There are also more than 500 COVID-19 testing locations across NSW – visit the [NSW Government website](#) for details.

Illawarra Shoalhaven Local Health District urges the community to continue to come forward for vaccination as soon as possible (unless you are a case, contact of a case, isolating or have symptoms).

Everyone in Australia aged 12 and over can receive a COVID-19 vaccination and there are more than 200 NSW vaccination clinics and outreach locations across the state in addition to GPs and pharmacists. Find a clinic and make a booking online via the [COVID-19 Vaccine Clinic Finder](#).
