There have now been 2,369 local cases of COVID-19 in the Illawarra Shoalhaven Local Health District since the start of the current outbreak in June.

As at 8pm Sunday 24 October, there were 21 COVID-19 patients being treated in hospital.

Venues are posted daily on the [District's Facebook page](#) and a full list of all exposure sites in NSW is available on the [NSW Health case locations web page](#).

The community is reminded to remain vigilant for symptoms and get tested if any appear, no matter how mild. Symptoms include cold or flu-like symptoms such as fever, sore throat, cough or shortness of breath. People with mild symptoms, such as fatigue, new muscle aches or pains, a change in taste or smell or a new runny nose, should also arrange testing as quickly as possible.

There are a number of COVID-19 testing clinics across the Illawarra Shoalhaven Local Health District. Visit the [District's website](#) for a full list and updated opening hours and times. There are also more than 500 COVID-19 testing locations across NSW – visit the [NSW Government website](#) for details.

Illawarra Shoalhaven Local Health District urges the community to continue to come forward for vaccination. Everyone in Australia aged 12 and over can receive a COVID-19 vaccination. For more information visit www.health.gov.au.
