Illawarra Shoalhaven Local Health District COVID-19 cases update

▲ 1,386 confirmed COVID-19 cases in the Illawarra and Shoalhaven ▲

For the 24 hour period to 8pm last night, there were 1,386 new COVID-19 cases recorded for the Illawarra Shoalhaven Local Health District. Details are as follows:

- 897 cases from Wollongong Local Government Area (LGA)
- 213 cases from Shellharbour LGA
- 207 cases from Shoalhaven LGA
- 69 cases from Kiama LGA

There have been 14,704 total community acquired COVID-19 cases reported since 16 June 2021 (cases not necessarily acquired within the Local Health District).

As at 8pm, 8 January there were 58 patients in hospital in the District as a result of COVID-19 (please note, this total may include patients who are no longer COVID-19 positive).

Below we have provided postcodes for confirmed cases as a guide to alert the community who live in these areas that COVID-19 may be circulating in their suburb and surrounds. We do this to ensure all residents within the postcode know they need to be extra vigilant when leaving their home, when monitoring for symptoms and getting tested if they feel unwell.

Individual suburb breakdowns are not provided as it does not accurately reflect where cases may have been during their infectious period.

Wollongong LGA – 897 cases

- 2500 – 221
- 2502 – 51
- 2505 – 31
- 2506 – 23
- 2508 – 51
- 2515 – 40
- 2516 – 36
- 2517 – 46
- 2518 – 75
- 2519 – 80
- 2525 – 49
- 2526 – 76
- 2530 – 118

Testing capacity in NSW is currently under enormous pressure and the only people getting a PCR (nose and throat swab) should be those who have COVID-19 symptoms; live in a household with a confirmed COVID-19-positive case; or have otherwise been advised by NSW Health to get tested.

For a full list of local testing clinic locations and opening hours, visit: <https://bit.ly/ISLHD-COVID-testing>.
