Illawarra Shoalhaven Local Health District COVID-19 update

ISLHD case numbers

There were 641 positive COVID-19 test results (cases) notified for the 20 hour period to 4pm yesterday – including 319 positive PCR tests and 322 positive rapid antigen tests (RATs).

Please note: in line with NSW Health, today (Wednesday 2 February), we are reporting COVID-19 information for a 20 hour period from 8pm on 31 January to 4pm 1 February, instead of the usual 24-hour cycle. This is due to a change in NSW Health's daily reporting cut-off from 8pm to 4pm, which was implemented yesterday. From tomorrow (Thursday 3 February), we will once again be reporting a full 24-hour cycle, from 4pm to 4pm.

A breakdown of cases is provided below:

- 352 cases from Wollongong Local Government Area (LGA)
- 112 cases from Shellharbour LGA
- 145 cases from Shoalhaven LGA
- 32 cases from Kiama LGA

Sadly NSW Health is today reporting the death of one person with COVID-19 from our Local Health District:

- A male in his 80s from Shoalhaven LGA who was vaccinated against COVID-19.

The Local Health District expresses its sincere condolences to his loved ones.

As at 8pm, 31 January there were 174 COVID-19 cases in hospital in the District (please note, this total may include patients who are no longer COVID-19 positive).

Postcode breakdown

Below we have provided postcodes for confirmed cases reported today as a guide to alert the community who live in these areas that COVID-19 may be circulating in their suburb and surrounds. We do this to ensure all residents within the postcode know they need to be extra vigilant when leaving their home, when monitoring for symptoms and getting tested if they feel unwell. Individual suburb breakdowns are not provided as it does not accurately reflect where cases may have been during their infectious period.
