Local update

Celebrating one year of COVID vaccinations
Today marks the one-year anniversary of Illawarra Shoalhaven Local Health District's COVID-19 vaccination program, with District-operated clinics delivering more than 190,000 doses to local people during the past 12 months.

In celebration, a video of the ISLHD vaccination rollout to date has been made available on the ISLHD YouTube channel.

This is a major milestone and it's important our local communities keep up the momentum by getting a booster shot or first and second doses for children and young people.

Bookings for COVID-19 vaccines at NSW Health clinics, GPs and pharmacies can be made through the Vaccine Clinic Finder.

More information about ISLHD's vaccination rollout is available on the ISLHD website.
