The Illawarra Shoalhaven Local Health District (ISLHD) Cancer Clinical Trials Unit has a specialist team of doctors, nurses, radiation therapists and allied health professionals supporting a comprehensive suite of clinical trials for our local community. We are based at Wollongong and Shoalhaven District Memorial Hospitals in the Illawarra Cancer Care Centre and Shoalhaven Cancer Care Centre.

Clinical trials contribute to evidence based practice, knowledge development and improved patient care. They provide our patients the opportunity to access novel and potentially efficacious treatment for their cancer close to home.

We currently have trials open for patients with:

- Breast Cancer
- Colorectal cancer
- Gynaecological neoplasms
- Skin cancer
- Multiple Myeloma
