This schedule represents the NSW Treasury's transition to Outcome Budgeting (TPP 18-09) and aligns to the NSW Health Outcome and Business Plan 2022-23. The NSW Treasury Outcome Budgeting initiative intends to transform the way budget decisions are made, and resources are managed in the NSW public sector. The initiative aims to shift the focus of the NSW Government to deliver better outcomes for the people of NSW (TPP 18-09).

As this transition will take place across several years, figures listed in this schedule are currently unable to accurately be carried through from LHD/SHN budgets to each facility. Some facility figures will therefore be consolidated at a LHD/SHN level with investment allocation managed locally.

Figures included in this schedule do not include 2022-2023 stimulus funding in response to the COVID-19 pandemic.
