

BOREDOM BUSTERS

THE ROCK DROP GAME

The game is simple - decorate some rocks, hide them around your local area and then venture out and hunt for rocks that have been hidden by other people! Rock hunting is a great reason to explore a new park or walking track.

Follow these steps to become a rock-hunter:

Join the NSW ROCKS Facebook group

Venture out for walk to collect some rocks big enough to paint.

Get creative and paint your rocks with a unique design or funny face.

Head to your local park, playground or walking track and find somewhere to leave your rocks for the next person to find.

Take a photo of your rock to post in the NSW ROCKS group and write a hint about where your rock is hidden.

Then comes the fun part- get out and about and search for other people rocks! If you find a rock you get to decide where it is hidden next.

Revisit the original hiding spot for your rocks and check if they have been discovered and hidden by someone else!
