ISLHD School-Link

Term 2 2021

Welcome !

Welcome to the 24th edition of the ISLHD School-Link Newsletter!

October is Mental Health Month.

Mental Health Month is a chance to promote activities and ideas that can have a positive impact on our daily lives and the lives of others. These events and messages are tied together with a specific theme, and this year's is "Tune In".

Tuning in means being present, it means being aware of what is happening within you, and in the world around you.

About School-Link

Aims of the School-Link Initiative:

- Early identification of mental health issues
- Provide access to evidence-informed mental health programs in schools and TAFEs
- Early-access to specialist mental health services
- Support for the recovery journey

• A Teachers Guide: Supporting the Wellbeing of Primary School Children

- The Teacher's Guide provides intervention strategies to support a Primary School student demonstrating behaviours of concern.

• Access the Teacher's Guide:

The Bigger Picture

Often, we only talk about mental health as an individual responsibility, but many things outside our control contribute to mental health.

Discrimination, inequality, intergenerational trauma, access to services, and government policies can negatively impact a person's and a communities' mental health.

During Mental Health Month we all have a chance to Tune In to things we can do as individuals for our own, and others' mental health. We also need organisations and groups working on the bigger picture, outside factors will continue to impact individual's mental health and wellbeing.

Creating a world where people can develop their own best possible mental health means a world where all systems, structures, policies, and services support this vision.

Classroom Mindfulness and Calming Activities

Illawarra Shoalhaven School-Link has collated a collection of easy to implement mindfulness and calming activities designed to support the wellbeing of students.

These activities can be practised by individuals, small or large groups, young children, teenagers and adults. They may be used to refocus when moving from one activity to the next or to de-stress in the middle of a complex task.

Ten Primary School and ten High School packs of instructions and resources are available for schools in the Illawarra and Shoalhaven. Contact School-Link to enquire about obtaining a mindfulness and calming activity pack from your school.

Tuning in means being present

Tuning in means being aware of what is happening within you, and in the world around you.

Being present by tuning in has been shown to help build self-awareness, help make effective choices, reduce the impact of worry, and build positive connections.

You can tune in to many things:

- ⇒ Tune in to yourself – What can you sense right now? What can you feel?
- ⇒ Tune in to others – What might people around you be feeling? How can we connect?
- ⇒ Tune in to your communities – What is happening that you can be part of, or that you can help others be part of?
- ⇒ Tune in to stigma – How do attitudes and understandings of mental health and wellbeing impact on people's ability to live the lives they want? How can we help?

Reference: <https://mentalhealthmonth.wayahead.org.au/>

Wellbeing is about being both happy and healthy

Here are some points to think about:

1. Eat well
2. Move your body
3. Get enough sleep
4. Find time to stop and relax
5. Get outside
6. Spend time with the ones you love
7. Give back to others
8. Take time out for yourself
9. Break bad habits
10. Seek help

Useful Resource: Mental Health and Wellbeing Hub

The NSW Department of Education mental health and wellbeing hub includes ways you can help yourself and others to strengthen mental health.

It has links and contact details for getting help when you need it, including help following a natural disaster. [directory-a-z/mental-health-month](https://education.nsw.gov.au/student-wellbeing/counselling-and-psychology-services)

“Staying Connected When Emotions Run High”

Photo supplied by: Stonemeadow Photography

An introductory workshop for **Professionals** who work in **Government and Non-Government Organisations**

Proudly facilitated by

Dr Annemaree Bickerton (Child, Adolescent and Family Psychiatrist) and **Toni Garretty** (Clinical Coordinator) Family and Carer Mental Health Program, Illawarra Shoalhaven Local Health District.

This workshop introduces professionals to some frameworks and relationship strategies that can become a resource to people, 12yrs – 100yrs, who has;

- changeable and overwhelming emotions
- who displays impulsive and destructive behaviour or
- a diagnosis of marked emotion dysregulation (including personality disorder).

This workshop is based on the highly successful intervention for families and carers.

Learning outcomes

- Increased understanding of emotion dysregulation
- Identify the ‘four carer dances’ and their role in emotion dysregulation
- Knowledge of the “five key relationship strategies” in order to become a helpful resource to someone in distress
- Understanding “relationship triangles” – Karpman’s Model
- Introducing the concept of Safety Planning “Like a Fire Drill” to promote safety when distress or risk escalates

*If you are working within the **Illawarra Shoalhaven Mental Health Service**, including Emergency Services, please disregard this flyer and contact Toni: toni.garretty@health.nsw.gov.au for further details.*

Dear Colleagues

We would like to provide an update on Audiology and Audiometry services in the Illawarra and Shoalhaven regions. Due to the high demand, all hearing appointments now require a referral. **Please ensure patients call to book an appointment.** Please include all relevant information on the referral.

Recent Changes:

- Appointments for Adults are now available
 - Please only refer **when there are hearing and/or ear health concerns for children and adults**
- X Do not refer Adults/Pensioners who require hearing aids or cochlear implants. They should be referred for rehabilitation and not to our diagnostic service. Rehabilitative services are free of charge under The Office of Hearing Services (contact Hearing Australia).
- X A free hearing check of children over 4 years 6 months with [Sound Scouts App](https://www.soundscouts.com/) (<https://www.soundscouts.com/>) can be used to identify if further assessment is required. Children do not need a hearing test prior to school – Sound Scouts can be used to screen.

Who can refer to our service?

Appointments now require a referral from a GP, medical specialist, Allied Health professional, two failed sound scouts results, Aboriginal Medical Services and refugee organisations.

Priority referrals

To manage the high demand for these services, referrals are being triaged. Please include all relevant history on the referral. The following groups are given priority for appointment slots:

- Sudden hearing loss
- Hearing loss due to trauma or infection/illness
- Ototoxicity (oncology referral)
- Indigenous children and adults, refugees, and culturally and linguistically diverse patients, with hearing concerns.
- Complex inner and middle ear pathology
- Children with developmental concerns/medical issues which increase the risk of hearing loss

Services are provided at the following locations:

Port Kembla Hospital (*Cowper St, Warrawong*)

- Ph: 4223 8033 for an appointment
- Forward your referral to Fax: 4223 8025
- Please ensure patients call to book an appointment
- *Note:* this service is for 8 years and older.

Kids Cottage Warilla (*1/10 Belfast Ave, Warilla*)

(please note new phone number)

- Ph: 4233 3150 for an appointment
- Fax: 4233 3155
- Email: ISLHD-KidsCottage@health.nsw.gov.au
- This service is for children 0-8 years, or developmentally delayed.

Kiama Integrated Primary and Community Health Centre (*14B Bonaira St, Kiama*)

- Please call Kids Cottage on 4233 3150 to make an appointment at Kiama.
- This service is for children 4-18 years who are developmentally ready.

Nowra Community Health Centre (*5-7 Lawrence Ave, Nowra*)

- Contact Nowra Family Care Centre, Ph: 4424 6460 for an appointment.
- Please note: Appointments are seen at Nowra Community Health Centre
- Forward to ISLHD-NOW-FamilyCareCentreAdmin@health.nsw.gov.au or Fax: 4424 6470
- Please ensure families call to book an appointment. This service is for all ages.

Ulladulla HealthOne (*Cnr South St and Princes Hwy, Ulladulla*)

- Please contact HealthOne Ulladulla on Ph: 4455 9999 for an appointment.
- This service is for children 4-18 years who are developmentally ready
- Please note: This is an outreach clinic so appointments are limited.

For further information, please see the website: <https://www.islhd.health.nsw.gov.au/services-clinics/allied-health#audiology-123> or contact The Audiology Team on Ph: 4233 3150.

EDUCATED

An online program providing school staff with the necessary skills to identify and support young people with an eating disorder

Overview of the program

EducatedED is an online tool that provides school staff with the skills to identify early, provide support, appropriately respond to, and refer school students with or at risk of an eating disorder.

What you will learn

This essential information will upskill staff members and help decrease anxiety around dealing with eating disorders, increase understanding of how to manage them in the school context, provide pathways to medical and psychological care and ensure safety.

Objectives of the program

- Increased understanding of eating disorders, its prevalence, symptoms and risks
- Increased understanding of the function an eating disorder plays in the young person's life
- Increase in the ability to identify an eating disorder
- Increase in staff confidence in approaching and responding to a student with an eating disorder
- Increased knowledge about the types of medical and psychological interventions recommended for different diagnoses and level of severity and the role of the school in supporting these interventions
- Increased understanding of the care pathways for eating disorders

CIRCLE OF SECURITY

0-12 Years

This 8-week Program focuses on building relationships between parents and children. The idea of a circle of security helps parents understand their child's need for security as well as their child's need to explore. This helps with understanding emotional needs of children and improves behaviour and self-esteem.

Families experiencing stressful events, divorce, conflict, mental health issues, disability or adoptive parents will benefit from this Program.

You Will Learn

- Understand your child's emotional world by learning to read the emotional needs
- Support your child's ability to successfully manage emotions
- Enhance the development of your child's self esteem
- Honor your innate wisdom and desire for your child to be secure

When and Where

Be a Foster Carer

Did you know educators are excellent Foster Carers?

Educators know what it takes to be patient, be great listeners and use creativity to form nurturing environments. Exceptional Foster Carers have all the same qualities.

Life Without Barriers is currently looking for Carers who understand that children do well with the right help.

If you can share your world and be a positive change in a young person's life for one weekend a month or longer, please contact us today!

HIPPY TUTORS

HIPPY Tutors are parents who have also done HIPPY with their own child. They are then trained in the activities, ready to practice them with you.

This peer-to-peer learning supports a safe and nurturing learning space for parents.

GROUP GATHERINGS

Group Gatherings give parents a chance to learn more about their children's development and behaviour; and to find out about local services, schools, and free local activities.

You'll meet new families and make friends. There is usually good food and coffee, and you can relax and chat while your children play supervised with other HIPPY children.

STEPPING UP

A well-being mentoring program
for boys aged 10-13.

WHY IS THIS NEEDED?

A series of consultations with various primary schools and principals has revealed a concerning increase in the number of reports regarding antisocial behaviours of male students, and a need for a social education program specifically designed for boys aged 10-13.

This age group is ill-equipped to handle issues like bullying, mental health and digital activity. Stepping Up aims to address many of the emerging social issues facing boys, as well as effect long-term attitudinal and behavioural change by helping boys develop key social and decision-making skills.

ABOUT TOP BLOKES FOUNDATION

We are an organisation focused on improving the mental health, emotional resilience and community engagement of young males across Australia. Through our peer-led mentoring and community leadership programs, boys and young men develop positive decision-making skills and decrease their risk-taking and antisocial behaviours, while developing personal qualities of integrity and self-respect.

JUNIOR TOP BLOKES

A peer mentoring group program for young men aged 14-17.

WHAT IS IT?

The Junior Top Blokes mentoring program was designed as a direct response to the current trends of antisocial behaviour, community isolation and higher incidence of mental health issues amongst males.

Delivered in high schools and community settings, this program uses an early intervention framework, discussing key social issues and fostering participants' sense of well-being, self-control, critical thinking and positive decision-making skills.

THE BOYS HAVE THEIR SAY

You learn things that change the way you treat other people. - Christian, program participant

Top Blokes is completely related to us as young men. It's more personal and you can connect to what's being talked about. - Brodey, program participant

I felt like it was a really good environment to open up and to realise there were boys in that room that I could talk to. - Billy, program participant

PROGRAM OUTCOMES

Those who've participated in the program exhibit the following outcomes:

-  Improved physical well-being
-  Improved personal well-being
-  Decreased antisocial behaviour
-  Increased social connectedness
-  Improved academic performance

What is Carer Gateway?

Carer Gateway is a new national service funded by the Australian Government, providing a range of phone-based, online and face-to-face services and supports specifically for carers.

Who is Carer Gateway for?

You can be any age and be helping a family member, a friend or neighbour who has a disability, chronic illness, dementia, mental illness, an addiction or is frail aged.

Some carers look after another person 24 hours a day and help with daily living activities, while other carers look after people who are fairly independent but need help with some everyday tasks. Whatever your circumstance, Carer Gateway is here to help.

Carer Gateway also offers specialised support to young carers under 25, older carers, working carers, Aboriginal and Torres Strait Islander carers, and culturally and linguistically diverse carers.

How can Carer Gateway help me?

Carer Gateway provides a range of information that can help carers in their role, from practical advice and resources, to help finding support services including:

- Advice on how to look after yourself while caring for someone
- Managing at home and in your caring role
- Assistance in navigating financial support services
- What to do in an emergency or crisis situation
- Help on combining caring with work or study
- Planning for the future
- Linking you with people in similar caring situations and share your stories, knowledge and experiences
- Counselling - if you're feeling stressed, anxious, sad or frustrated, a professional counsellor can talk with you about your worries and offer help.

By answering a couple of questions when you call, Carer Gateway will provide you information on services in your area, to suit your needs.

How do I contact Carer Gateway?

Call 1800 422 737

Monday – Friday between 8am and 5pm to speak to our helpful intake team or visit carergateway.gov.au for information. You can also request for someone to call you back at a convenient time by clicking on the phone icon at the top of each page.

What if English is not my first language?

If you are more comfortable having a conversation in a language other than English, you can phone the Translating and Interpreting Services (TIS) on 131 450. TIS can translate in more than 100 languages and is available 24 hours a day, 7 days a week.

What if I can understand English, but have difficulty reading it?

Carer Gateway website includes a read aloud function provided by Readspeaker which automatically changes written text to speech, providing an audio version of the information on the website.

Simply click the “listen” button on any page and it will be read aloud to you.

What if I have a hearing or speech impairment?

If you have a hearing, speech or vision impairment, you can contact Carer Gateway through the National Relay Service (NRS) by visiting the National Relay Service website (www.relayservice.gov.au) to choose your preferred access point or asking for Carer Gateway on 1800 422 737.

HELP YOUR STUDENTS CONNECT WITH A FREE TALK-AND-WALK-A-THON

WHY HOST A TALK- AND-WALK-A-THON?

Human connection is vital to our mental health. Connectedness is linked to feelings of wellbeing and contributes to a positive school culture.

The Talk-And-Walk-A-Thon is an opportunity to build connections between students, and help develop your students' conversational skills and self-confidence.

Research has shown the benefits of students feeling a sense of connectedness at school include:

- A positive school culture.
- A reduction in bullying behaviours.
- Higher attendance rates.
- Improved academic outcomes.

Visit www.peersupport.edu.au/talk-and-walk-a-thon for more information and to register your school.

Students chatted about a variety of topics, including what they are grateful for, subjects at school, and things that make their mums and dads most proud. There was such positive feedback from students, staff, and parents that we will definitely hold this event again.

**TALK-AND-
WALK-A-THON**

THE TALK-AND-WALK-A-THON IS RUN IN YOUR SCHOOL, BY YOUR SCHOOL.

The event usually runs for 1 to 2 hours on any day and time, as selected by your school. Students from across the school walk or move along a predetermined route in pairs or small groups.

At checkpoints along the walk, students are given new conversation cards to discuss as they walk to the next point with a new partner or small group. The aim is to help students create new connections, and to develop their social skills and confidence.

Try to involve your whole school, taking this opportunity to build connections across all years and stages. However, you can also run your event with just one class or year or stage if that works for your school. This may also be necessary to reduce the risk of COVID.

This is a great opportunity for students to move their bodies, but also to engage in discussions and build connections with their fellow students. We also provide conversation cards that students can use at home with their family or carers.

REGISTER YOUR SCHOOL

Once you register, we will email you a digital tool kit with everything you need to run your event.

ORGANISE YOUR EVENT

Plan and promote your event using the free resources in the digital toolkit. This includes posters, guides, an event planner, conversation cards and signage.

RUN YOUR EVENT

Set up your route and checkpoints, where students will swap conversation cards. Start walking and talking. Relax and have fun.

Who are Young Carers?

Do you look after a family member or friend with disability, a medical condition, mental illness or who is frail due to age? Do your caring responsibilities affect your wellbeing or your ability to work, study or socialise?

If you are aged between 14 to 25 and care for someone, you may be a Young Carer. Young Carers often provide more support and help than most people their own age. They may also support and help with daily activities such as:

- Domestic tasks
- Movement assistance
- Preparing meals
- Transportation
- Making appointments
- Shopping

It can be hard work being a Young Carer with many responsibilities and less free time. Whilst many Young Carers cope well with their caring role, there may be times when it can become difficult to balance this and commitments like studying and catching up with friends.

How we can help

The Carer Gateway Young Carer's Program aims to support Young Carers to develop new skills and strengths while continuing their education

The Carer Gateway Young Carer program can help with:

Education and training

- Help with tutoring fees
- Fee assistance with driving lessons to obtain a drivers license
- Fee assistance for approved training courses

Coaching

- Learn and discover new ways to manage stress and improve your wellbeing
- **Self-guided coaching:** online interactive self-guided courses (Mid 2021)

Counselling

- **In-person:** speak one-on-one with a professional counsellor in your local area (Mid 2021)
- **Phone counselling:** speak with a counsellor over the phone in the comfort of your own home

Online skills courses

Learn new skills in caring for someone and your own wellbeing, including dealing with stress and legal issues.

Individualised coordination

- Receive support, information and referral and service review with our Client Support Partner

Respite care

- **Emergency respite:** get assistance in looking after the person you care for if an unplanned event stops you from being able to provide care. For example, if you get sick or injured.
- **Planned respite:** plan for regular breaks to rest and recharge while respite services look after the person you care for.

Connect with other carers

Meet with people in similar caring situations and share your stories, knowledge and experience.

- **In-person:** meet local Carers, share advice and learn from each other in a safe space (Mid 2021)
- **Online forum:** join the online forum and be part of a supportive community with other Carers

Financial support

Get financial support to assist you in your caring role.

Illawarra Women's Health Centre Young Women's Program

ABOUT

The Illawarra Women's Health Centre works with schools to deliver specialised health and healthy relationship programs and workshops for young women and non-binary students. Using evidence-based psychoeducational and therapeutic engagement tools, our programs promote resilience and respect in a trauma-informed setting.

Our women's health team designs and delivers sessions tailored to the specific and diverse student backgrounds and learning needs, in collaboration with your school. We bring our experience and expertise to current and emerging issues identified by students, teachers, and the wider school community, with a focus on young women and non-binary students.

We provide information, skill development and practical strategies for students to be better equipped for contemporary and challenging issues and situations.
